SUMMARY

Frontend Web Developer with hands-on experience building responsive web applications using HTML5, CSS3, and JavaScript. Worked on project-based and client assignments delivering UI features, API integrations, and performance optimizations. Seeking a frontend or junior web developer role.

EXPERIENCE

Full-Stack Web Developer (Project-Based)

Freelance & Online Platforms

January 2025 – November 2025, Bangalore

- Engineered and deployed 10+ custom web applications for clients across 5+ industries, integrating responsive front-end interfaces with back-end solutions to deliver 99% uptime and seamless user experiences on freelance and online platforms.
- Integrated 5+ third-party APIs and payment gateways (including payment processing and automation tools), reducing manual workflows by 30–40% and improving transaction reliability for client applications.
- Refined database architectures and optimized queries, improving data retrieval speed by 25–35% and ensuring stable performance for production-level client projects.
- Spearheaded end-to-end deployment of scalable web solutions by gathering client requirements, collaborating remotely with cross-functional stakeholders, and applying agile practices to deliver 100% of projects on or before deadlines.

INTERN – FRONT-END DEVELOPMENT

Remote / Project-Based

September 2024 – February 2025

- Contributed to front-end development using HTML, CSS, and JavaScript, implementing UI components and layout updates across 5+ web pages, supporting consistent design and functionality.
- Participated in UI enhancements and bug fixes, resolving 10+ minor issues to improve functionality, consistency, and overall user experience in ongoing web applications.
- Learned and followed professional development workflows, collaborating with a team of 3–5 members, using task tracking and version control to complete assigned tasks within defined timelines.
- Assisted in implementing responsive design techniques, adapting layouts and components to improve usability across 3+ device types (desktop, tablet, mobile), ensuring cross-platform compatibility.

INTERN – WEB DEVELOPMENT

Remote / Project-Based

January 2024 – December 2024

- Gained hands-on experience in front-end development and modern web frameworks, contributing to 2–3 functional modules and UI features used in live web projects.
- Assisted in developing and debugging website components for live client projects, addressing 8–12 reported issues and improving layout and functionality consistency.
- Learned and applied workflow tools including Git and VS Code, maintaining 10+ code commits and supporting project documentation to ensure smooth team collaboration.
- Strengthened problem-solving, teamwork, and project delivery skills by collaborating with a team of 3–5 members, completing assigned tasks within 100% of scheduled timelines.

EDUCATION

BSc Degree in Data Science and Applications

INDIAN INSTITUTE OF TECHNOLOGY MADRAS • 2025–2029

NATIONAL INSTITUTE OF OPEN SCHOOLING • 2023–2025

PTMHSS THAZHEKODE • 2018–2023

SKILLS

HTML5, CSS3, JavaScript (ES6+), Python,
Responsive Web Design, Flexbox, CSS Grid, DOM
Manipulation, React (Basics), REST APIs, Git, GitHub, VS
Code, Chrome DevTools, Linux Basics, AWS Fundamentals,
Docker (Basics)
Problem-Solving, Time Management, Team Collaboration, Communication, Adaptability,
